

## Portable Appliance Testing

## Business Services

It is a legal requirement that all portable or fixed electrical equipment has to be tested. This has to be done by a person who is competent in the use of test equipment and is able to interpret and understand the results.

echo's Portable Appliance Testing service provides a "one off" or ongoing plan to test, correct and report the status of your portable or fixed electrical equipment.

Our engineers are trained and qualified to deliver these services in line with the legal requirements set out in the following Acts and Regulations:

- Health and Safety at Work Act 1974
- Management of Health and Safety at Work Regulations 1999
- Electricity at Work Regulations 1989
- Workplace (Health, Safety and Welfare) Regulations 1992
- Provision and Use of Work Equipment Regulations 1998.
